

The Helix School Welcomes Back to the Bay Area

Barry Prizant, Ph.D., CCC-SLP

Learn why his colleagues are calling his latest work "required," & "the first ever must-read."

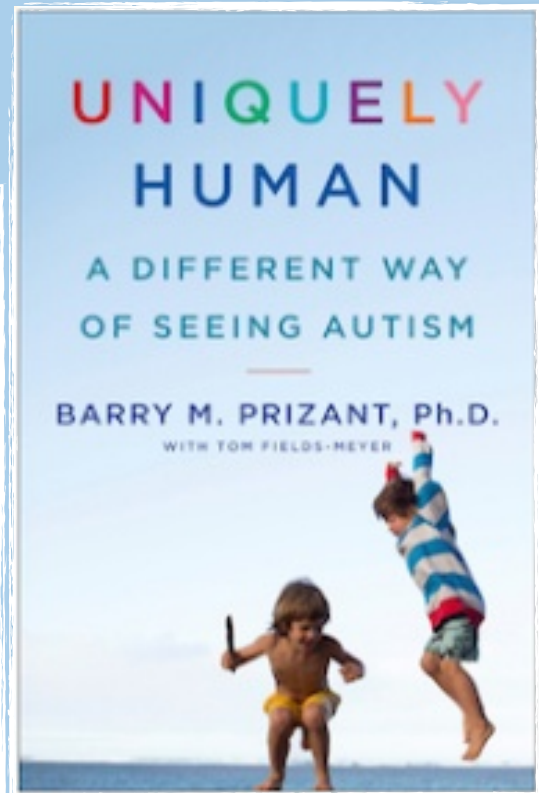

APRIL 27 - 28, 2018

It's been 3 years since his last Bay Area conference.

Don't miss the opportunity to learn Dr. Prizant's groundbreaking techniques, including the SCERTS method, and learn how he has reimagined ASD.

Sliding Scale offered. To register, call
415.569.5052

Or visit www.thehelixschool.org/events

"A must-read for anyone who lives with and loves a person with autism, this book should also be required for anyone who is striving to be a competent and humanistic professional." ~ Pamela Wolfberg, Ph.D., Professor of Autism Spectrum Studies, San Francisco State University; Author, *Play and Imagination in Children with Autism*

"I love his approach... He provides common sense, practical advice based on a 40-year career." ~ Temple Grandin, author of *The Autistic Brain* and *The Way I See It*
